Late Payment fees of 10% on delinquent utility accounts (charged after the 25th of the month)

The City of Battle Lake has an ordinance that requires the property owner to be responsible for the renter's water and sewer bill in the event it is unpaid. The City of Battle Lake requires the new utility customer and the owner to fill out this form and return it to the City Office before utilities will be changed over. All owners of rental property will receive a copy of the monthly billing. Renters that have natural gas and pay the City utilities for their property, whether it's commercial or residential, will be required provide a \$200 deposit prior to establishing service.

The City of Battle Lake maintains all of the public gas lines in its service area. However, the City of Battle Lake does NOT maintain a customer's buried piping. This is piping that has been installed after the meter. Buried piping requires periodic inspection for leaks and corrosion that could cause gas to leak escape and ignite, potentially causing injury or death. Please contact a local plumbing and heating contractor if you notice signs of corrosion to locate and repair the pipe. If you plan on digging please call Gopher State One Call at 811 before your dig.
